the
Vintage
door range

The look and style of your home says a great deal about you. Doors are a prominent feature of any property and really dictate the character of your home. As well as creating a first impression for visitors, they play a crucial role in weatherproofing, insulating and securing your property.

Installing high-quality PVC-U doors is the best-value home improvement you can make. At a stroke you can improve the appearance, energy efficiency and security of your home – all at an affordable cost

Our multi-chambered frame designs deliver exceptional energy efficiency for your doors – helping to keep your home warm all year round, as well as reducing your energy consumption. Our door range slim frames also allow the area of glass in the doors to be optimised, maximising the amount of natural light within your home. A rated glass as standard.

Our products represent a genuine sustainable option. Not only because they help to reduce CO2 emissions, but also because PVC-U is a fully recyclable material. Each year, tens of thousands of tonnes of PVC-U are recycled, minimising impact on landfill waste sites..

The Sophia

With the choice of clear, etched or decorative glass available, you can customise our Sophia door to suit all personalities.

As it follows a more classic layout compared to our other doors, the Sophia creates versatility and will add aesthetic appeal to a range of property types.

The Grace

Make a bold statement with our Grace door. Its carefully-constructed 6-panel layout results in a striking and impressive design.

Why not bring more light into your property through choosing glass to replace the solid panels? The options are endless.

The Amelia

Maintaining a traditional look, our Amelia door is a stunning example of how using a combination of panelling and glass can create a unique look every time.

You can enhance your property's appeal through personalising your Amelia door with our tasteful door furniture.

The Ann Marie

Our 1930s inspired Ann Marie doors are bursting with character. These doors will add aesthetic appeal to any property. Creatively constructed with three long solid panels and six glass panels, this traditional door is perfect for all property types.

The Charlotte

Looking for a strong, balanced door with a striking panel layout? The Charlotte door, with a central glass component, is a popular choice for a variety of home types.

With a huge choice of colour options available, your Charlotte door is sure to complement and enhance your property's appeal..

The Mae

Similar to the Nimara door, Mae is made up of four glass panels with a long solid panel the length of the door. The four glass panels can have clear or etched glass, allowing floods of light into your home.

This modern-looking door is perfect for all contemporary properties.

The Nimara

Give your home a clean and contemporary appearance with one of our attractive Nimara doors. The Nimara door offers a more modern look compared to other traditional doors in our range. Choose from clear or etched glass to fill the long side panel, and watch this door turn heads with its four striking panels.

The Matilda

Exaggerated proportions and classic features create our stunning Matilda door. The vertical glass design is ideal for allowing natural light into the home.

This elegant style door will compliment any property, creating a strong and classy identity.

The Tracey

We understand the importance of maintaining your home's style, and our Tracey door is sure to do just that. This traditional looking, solid door is ideal for all properties.

Using different combinations of panelling and glass, this door has spectacular visual appeal.

The Lydia

Decorative glass is the focal point of this impressive Lydia door. Choose from a vast range of glass to suit your home. This door is sure to get your neighbours talking.

Adding aesthetic appeal to your property, this traditional door with its colourful glass display is truly stunning.

The Emma

With the choice of clear, etched or decorative glass available, you can customise our Emma door to suit all personalities. As it has a large glass pane, the Emma door not only creates versatility and aesthetic appeal to a range of property types, and also floods your home with natural light

The Elizabeth

Similar to the Lydia, our Elizabeth door oozes beauty with a decorative panel at the bottom of the door. The Elizabeth follows a traditional style, with a modern twist.

Its striking panelling combined with the dazzling glass results in a truly impressive door

More styles, more inspiration

75mm PVC-U threshold comes as standard

Vintage doors are manufactured with a 75mm threshold as standard but are also available with the below alternatives:

- Low 50mm Pvc
- Low 60mm Pvc
- Low Ali
- Low Ali Ramp (Doc M / Wheelchair / Commercial)

Small details matter

Hardware may seem like a small detail, but it's where the eye falls. The part we most frequently touch and operate and the aspect by which we judge overall quality. When refurbishing your home these small details make all the difference. Choosing Vintage doors allows you to benefit from high quality door hardware in a choice of 6 perfectly matching finishes.

Fab&Fix

Attractive and durable components

As a major upgrade, new doors need to be built to last. Only Fab&Fix hardware products are available in Hardex Electro finishes - amongst the most resilient and attractive in the world today - built to last.

Because all of our profiles are produced by the same manufacturer - Eurocell - we can assure you that all colours are exactly matched across our entire range of door products. It means our whites are the same across all products and our woodgrain finishes are all perfectly matched.

Highest level of security available *

Protecting your property against unwanted intruders is a primary concern for every homeowner. That's why our doors have been designed to deter burglars and secure your property against forced entry.

For a start, all of our doors have been internally beaded, which means the glazing units cannot be removed from the outside. All panels have 9mm reinforcing which is twice the thickness and strength of standard panels.

* upgrade to highest level of security, does not come as standard

More than stunning looks

Alongside stunning looks, our handles, hinges and locks are proven to operate and perform to the highest technical standards. Accredited by all leading security associations.

No matter what the age, style or size of your property we can create high quality windows and doors to enhance and add value to your home.
